## Our Commitment

Equality and Diversity is placed at the heart of what we do, and we work actively towards eliminating discrimination, harassment and bullying because of race, ethnic origin, disability, religion or belief, gender, sexual orientation, age or any other grounds.

## Background

The report details staff and learner statistics for the College by equality measures, and should be read in conjunction with the College's accompanying Equality and Diversity documentation.

## Staff Statistics

### 1. Headcount

The following points should be noted when reviewing the statistics below:

- This is the established profile at 31 July 2022.
- Reporting on staff profiles for 2021-22 covers the following characteristics: gender, age, ethnicity and disability. Data is collected on our staff profile as part of the recruitment and selection process and regular checking/ updating of the data held has been built into systems and processes.
- A significant number of the academic management team also undertake teaching as part of their core hours.

Headcount	Total no. Staff 31/01/2022
Management	39
Teaching/Assessing	285
Support Staff	274
<b>Total</b>	<b>598</b>

### 2. Ethnicity

The collection and recording of this data during 2021/22 has been further improved, with the proportion of staff not reporting their ethnicity reducing from 3.0% (2020/21) to 1.3%.

The chart below shows the profile by ethnicity in 2021/22 and 2020/21.

Ethnicity	2021/22		2020/21	
	%	Total Headcount	%	Total Headcount
White	84.2%	503	84.4%	534
Asian	11.7%	70	10.3%	65
Black	0.5%	3	0.2%	1
Mixed	1.6%	10	1.6%	10
Other	0.7%	4	0.6%	4
Prefer not to say	1.3%	8	3.0%	19
<b>Total</b>	<b>100%</b>	<b>598</b>	<b>100%</b>	<b>633</b>

### 3. Gender

The total head count is 598 with males making up 29% of the total staffing population and 71% being female.

The split across male and female remains similar to the previous academic year (27% male; 73% female 2020/21).

Total staff - gender split

Gender	Total Staff	Percentage
Male	173	29%
Female	425	71%
<b>Totals</b>	<b>598</b>	<b>100%</b>

The table and chart below show the profile by gender across role types. In all areas, females have a higher representation than men.

Gender Profile by Role Type

	Male (Headcount)	Female (Headcount)	Male (%)	Female (%)
<b>Management</b>	10	29	26%	74%
<b>Teaching/Assessing</b>	86	199	30%	70%
<b>Support</b>	77	197	28%	72%
<b>Total</b>	<b>173</b>	<b>425</b>	<b>29%</b>	<b>71%</b>

## 4. Disability

Information from staff regarding any disability is on a self-declaration basis. Work with staff over the last academic year has seen a further reduction in the number of staff of whom we don't have a Disability status recorded for. This has reduced from 22.2% in 2020/21 to 11.5% in 2021/22.

The fact that a member of staff has declared themselves as disabled does not necessarily mean that they are, for example, a disabled badge holder, and similarly if a member of staff does not declare themselves as disabled but has a condition that would be recognised as a disability under the Equality Act, the protections afforded by the Act would still apply.

- 6.4% of all staff declared themselves as disabled;
- 1.9% of all staff declared 'Prefer not to say' when asked whether they consider themselves to have a Disability;
- For 11.5% of staff it is 'Unknown' whether they consider themselves to have a disability.

Disability	Staff (%)
Yes	6.4
No	80.3
Prefer Not to Say	1.9
Unknown	11.5

## 5. Age

The age profile of the College is detailed in the chart below. The highest proportion of staff are aged between 41 and 50, with the lowest proportion aged 16-21.

The age profile of staff is largely in-line with the reported profile in 2020/21, with no significant differences or changes.

Age Category	No of Staff	Percentage
16-21	4	0.6%
22-30	73	12.2%
34-40	130	21.7%
41-50	177	29.6%
51-54	71	11.9%
55-60	90	15.1%
61+	53	8.9%
<b>Total</b>	<b>598</b>	<b>100%</b>
