Freedom of Information Policy

1. Introduction

1.1 The Freedom of Information Act 2000 (FOIA) gives rights of public access to information held by public authorities. Section 19 of the FOIA requires every public body to adopt and maintain a publication scheme which has been approved by the Information Commissioner, and to publish information in accordance with the scheme.

2. Purpose

2.1 This policy sets out the arrangements that Nelson and Colne College Group including Nelson and Colne College, Lancashire Adult Learning and Accrington and Rossendale

College ('the College') has made to ensure compliance with the Freedom of information Act (2000).

3. Legislative/Quality Framework

- 3.1 Freedom of Information Act (2000)
- 3.2 Environmental Information Regulations (2004)

4. Scope

- 4.1 This policy applies to any individual wishing to submit a Freedom of Information request to the College.
- 4.1 Requests under the Environmental Information Regulations 2004 will be considered in the same way as Freedom of Information (FOI) requests.

5. Definitions

- ICO Information Commissioners Office
- FOIA Freedom of Information Act (2000)
- FOI Freedom of Information

6. Publication Scheme

- A publication scheme is a document which describes the information a public authority publishes, or intends to publish. In this context, 'publish' means to make information routinely available. These descriptions are called 'classes of information'. The scheme is not a list of the actual publications because this will change as new material is published or existing material is revised. It is, however, the College's commitment to make available the information described.
- 6.2 A publication scheme must set out the classes, or categories, of information published. It must also make clear how the information described can be accessed and whether or not charges will be made.

6.3 To reduce duplication and bureaucracy and to ensure consistency in the release of information, the Information Commissioner's Office (ICO) has developed a model publication scheme that any public authority can use.

7. Accessing information covered by the publication scheme

- 7.1 Nelson and Colne College Group has adopted the ICO Model Publication Scheme which has the following categories:
 - Who we are and what we do: Organisational information, locations and contacts, constitutional and legal;
 - What we spend and how we spend it: Financial information relating to projected and actual income and expenditure, tendering, procurement and contracts;
 - What our priorities are and how we are doing: Strategy and performance information, plans, assessments, inspections and reviews;
 - How we make decisions: Policy proposals and decisions. Decision making processes, internal criteria and procedures, consultations;
 - Our policies and procedures: Current written protocols for delivering our functions and responsibilities;
 - **Lists and registers:** Information held in registers by law and other lists and registers relating to the functions of the College;
 - The services we offer: Advice and guidance, booklets and leaflets, transactions and media releases. A description of the services offered.
- 7.2 The classes of information will not generally include:
 - Information the disclosure of which is prevented by law, or exempt under the Freedom of Information Act, or is otherwise properly considered to be protected from disclosure;
 - Information in draft form;
 - Information that is no longer readily available as it is contained in files that have been placed in archive storage, or is difficult to access for similar reasons.
- 7.3 The information provided by the College under the model publication scheme will be available on the College websites. Where it is impracticable to make information available on the website or when an individual does not wish to access the information by the website, then the College will provide the information by another means (i.e. by post or email).
- 7.4 The College Model Publication Scheme is attached to this policy as *Appendix A*.
- 7.5 The College's process for dealing with Freedom of Information requests is attached to this policy as *Appendix B*.

8. Information not covered by the Publication Scheme and Feedback

8.1 Information held by the College that is not published under this scheme can be requested in writing, when its provision will be considered in accordance with the Freedom of Information Act.

- 8.2 In order for a request to be treated as having been made under the Freedom of Information Act, it must be:
 - Made in writing
 - State the name of the applicant and provide contact details for correspondence
 - Describe the information which is requested.
- 8.3 The College has produced a form to assist with Freedom of Information requests (Appendix C). It is not a requirement to make a request using this form but the form has been designed to ensure requests are dealt with as promptly as possible.
- 8.4 Please note that some information may, in some circumstances, be exempt from disclosure.

9. Cost of accessing information covered by the publication scheme

- 9.1 Much of our information is available free of charge including copies of publications/ information listed in the publication scheme. Printed information on courses and services offered by the College is also available free of charge.
- 9.2 However, the College retains the right granted under the Freedom of Information Act 2000 to charge fees where necessary and these will be in accordance with the Act and any other relevant legislation. The following criteria will be considered when determining costs:
 - Identifying whether the college actually holds the information;
 - Locating the information or documents containing the information;
 - Retrieving such information or a document which may contain the information;
 - Extracting the information from the document containing it (including editing or redirecting information).
- 9.3 The costs attributable to the time that person(s) are expected to spend on these activities on behalf of the College is set at £25 per person per hour.
- 9.4 If a charge for information is applicable, this will be notified and payment required prior to the information being provided.

10 General Data Protection Regulations (GDPR)

10.1 The GDPR sets out requirements for how organisations will need to handle personal data from 25th May 2018 and regulates the use of information about living individuals and gives certain rights to individuals in respect of personal data held about them by others (data controllers). Individuals have the right to access personal information held about them (subject access requests), subject to exemptions under the GDPR. Further information on subject access requests (SAR's) is available in the College Subject Access Request Procedure.

11 Feedback

11.1 It is important that this publication scheme meets your needs. If you find the scheme difficult to understand or require further information, please let us know via the contact details provided below. We also welcome suggestions as to how our scheme might be improved.
